**Dott. Gaetano Paolone**

Private practice in Rome

Adjunct professor Restorative Dentistry Università Vita Salute San Raffaele, Milan, Italy.

Active member AIC (Italian Academy of Restorative Dentistry), IAED (Italian Academy of Esthetic Dentistry), AIOM (Italian Academy Microscopic Dentistry)

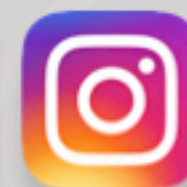

Author and coauthor scientific publications on national and international journals

Lecturer in national and international congresses and events

WeRestore .it

WeRestore.it  
was founded in 2016 by  
Gaetano Paolone  
and  
Salvatore Scolavino.  
WeRestore.it aims  
for excellence  
in direct and indirect  
restorative adhesive dentistry.  
Among other projects  
Salvatore and Gaetano  
wrote a book about  
direct restorations in  
posterior teeth edited  
by Quintessence Int Pub.

# Rome

**Program**

# **\*Theory\***

- Shape and anatomy of posterior teeth
- Optical properties of teeth and composites related to posterior teeth
- Central structures - Peripheral structures
- Cusp reduction: when
- Direct or indirect? Decision making process
- Class I and II
- Shade selection in posteriors
- Preparation principles in posteriors
- Layering techniques in posteriors (simplified, hybrid, complex)
- Modeling techniques in posteriors (additive, subtractive)
- The use GLC or CaOH<sub>2</sub> bases in contemporary adhesive dentistry(?)
- How to achieve a good contact point.
- Matrices, wedges and rings. How to select
- Low viscosity and high viscosity bulk fill materials
- Finishing and polishing direct posteriors
- Silicon indexes in posteriors
- Preparing for onlays and overlays

- Sub-gingival margins?
- Margin relocation: when how.
- Crown lengthening: when, how \*
- Temporary surgical margin exposure: when, how. \*
- Impression materials and techniques
- Impression: optical and traditional
- Which material? Composite? Ceramic? Lithium Disilicate? Hybrid materials? Zirconia?
- Temporization
- Occlusal adjustments

\* Topics covered by dr. Roberto Kaitsas

(\*) Dott. Roberto Kaitsas

Private Practice Rome, Italy

Active member SIE (Italian Endodontic Society), IAO (Italian Academy of Osseointegration), ESE (European Society of Endodontology), Fellow of the European Board of Oral Surgery. Author and coauthor scientific publications on national and international journals. Coauthor of the book: "Manuale di Chirurgia Orale", Elsevier. Lecturer in national and international congresses and events

WeRestore .it

## **\*Practice\***

# **Participants will do:**

- Drawings of anatomical tables of all 8 posterior teeth
- Class I and II preparation
- Class I and II on models and/or on natural teeth (single, multiple and adjacent cavities)
- Onlay preparation
- Overlay preparation
- Overlay modeling in composite by the participants
- Onlay and Overlay cementation

# Rome

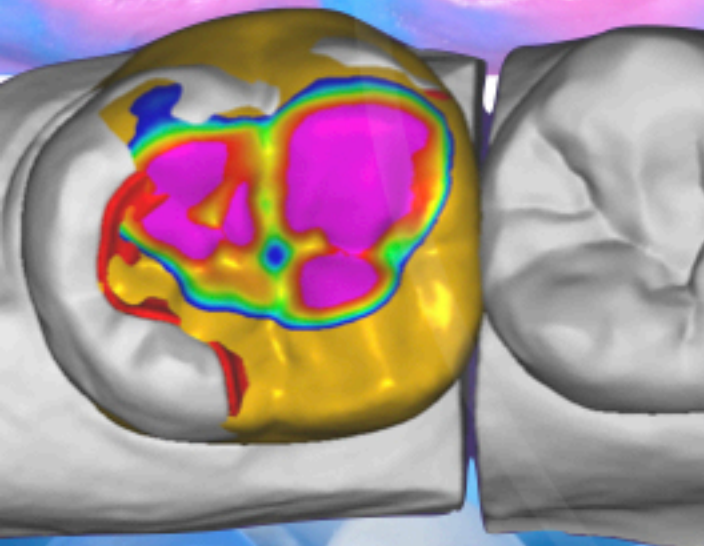

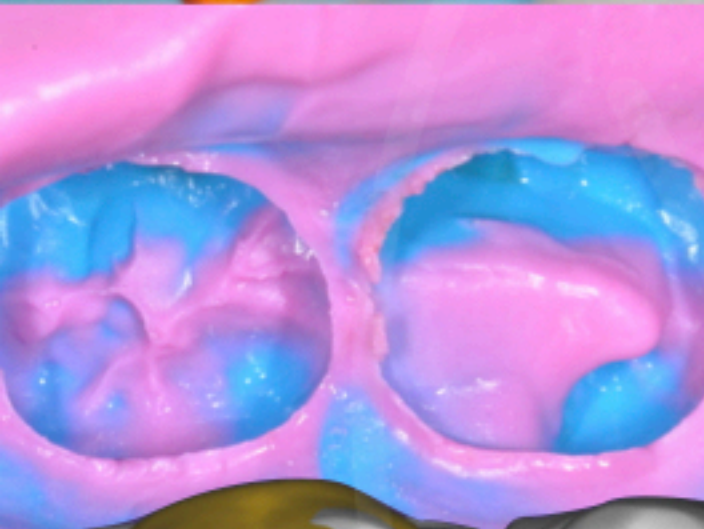

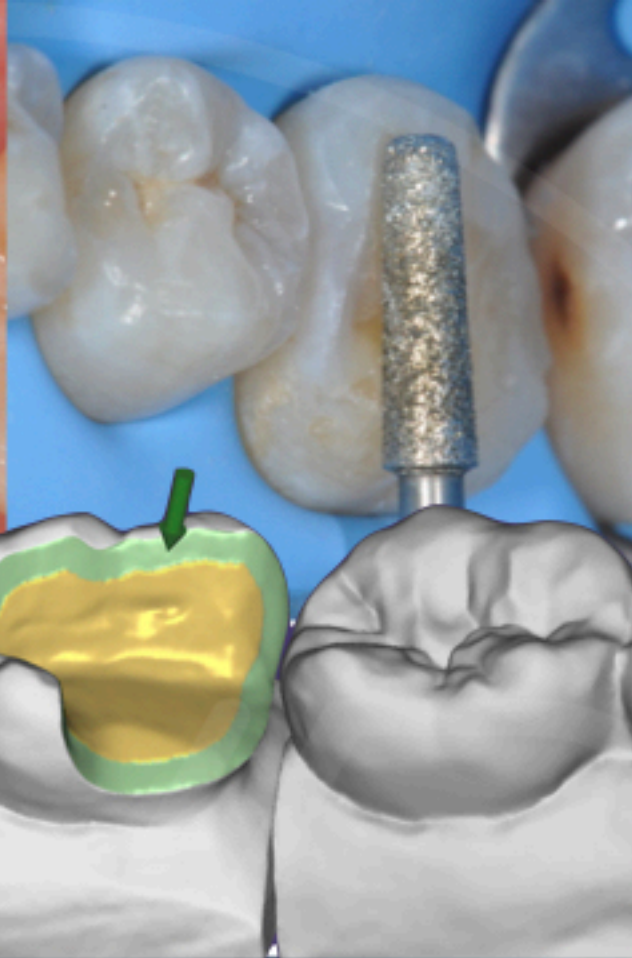

# **Clinical Cases**

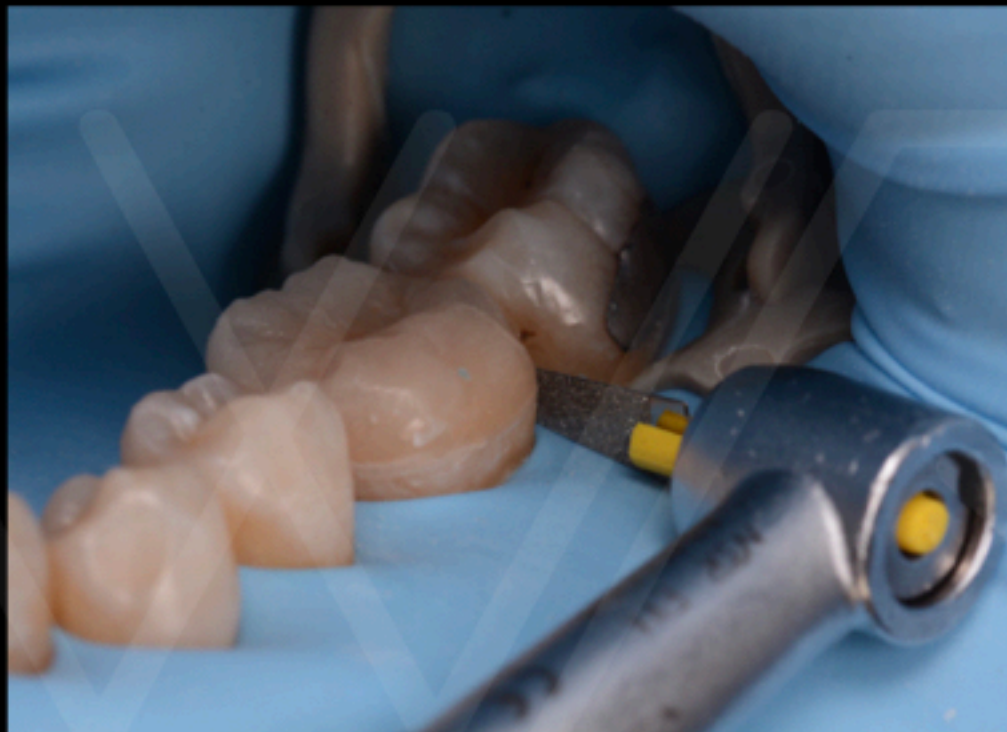

... Among other projects in which Salvatore e Gaetano are involved, they released a book about direct posteriors. The book, edited by Quintessence Int. is being translated in English language ...
